

SHEHRIYAR ALAM

MERN Stack Developer

📞 03120246893 @ hshehriyaram@gmail.com www.linkedin.com/in/hafiz-shehriyar-alam-4178642bb 📍 Karachi

SUMMARY

I'm a MERN Stack Developer focused on modern frontend development with practical experience in building real-world full-stack applications. I have developed two major MERN projects, including a full-stack finance tracker (MoneyMinder) and an AI-powered blogging platform using Next.js and MongoDB, along with an e-commerce frontend built with React and Sanity CMS. Currently, I'm a MERN Stack Development Intern at Innova360, gaining hands-on experience in collaborative development, agile teamwork, scalable UI implementation, and industry-level problem-solving. Skilled in React, Shadcn UI, ReactBits, Magic UI, Ant Design, and modern JavaScript tooling, with strong version control proficiency in Git and GitHub.

EXPERIENCE

MERN Stack Developer Intern

Innova360

📅 10/2025 - Present 📍 Karachi, Pakistan

As a Frontend-focused MERN Stack Intern at Innova360, I built responsive, production-ready interfaces and translated Figma designs into pixel-perfect, high-quality UI. I collaborated closely with the team, strengthened my Git/GitHub workflow skills, and improved my problem-solving through real-world frontend challenges. This internship refined my development standards, code quality, and overall understanding of modern frontend practices.

Telecom Technician

Atlas Honda

📅 08/2024 - Present 📍 Karachi, Pakistan

Currently pursuing a 3-year apprenticeship in the Telecommunication department at Atlas Honda, a renowned multinational company. Gaining hands-on experience in installing, maintaining, and troubleshooting telecommunication systems, network infrastructure, and electronic equipment. Working with industry-grade tools and technologies to ensure smooth communication operations and system efficiency.

EDUCATION

Intermediate (Pre-Engineering)

Ideal Children Secondary School

📅 06/2021 - 2023 📍 Karachi

BS Software Engineering

Virtual University of Pakistan

📅 2024 - Present 📍 Karachi, Pakistan

Matriculation (Science)

Pakistan Progressive Children School

📅 06/2019 - 2021 📍 Karachi, Pakistan

MERN Stack Development

SMIT

📅 2023 - 12/2024 📍 Karachi, Pakistan

- Successfully completed the MERN Stack Development course from SMIT, gaining practical experience in full-stack development, RESTful APIs, state management, and deploying dynamic web applications using MongoDB, Express.js, React.js, and Node.js.

SKILLS

NextJS	ReactJs	JavaScript
Typescript	Git & GitHub	RTK
RESTful API Development		MongoDB
Express.js	Node.js	

PROJECTS

IntelliBlog - AI-Powered Blogging Platform

- IntelliBlog is an AI-powered blogging platform with a responsive UI, enabling users to create, edit, and manage blogs with AI-generated summaries and tags. Features include Google Authentication, protected routes, user profiles, likes, bookmarks, filtering, text-to-speech, and a full Admin Panel for managing users and content, delivering a seamless and intelligent blogging experience.

MoneyMinder - Finance Tracking Application

- A full-featured MERN Stack finance management app with secure authentication, income/expense tracking, and real-time financial insights. Users can manage transactions, filter data, and view dashboards with bar, line, and pie charts. Includes analytics with PDF export, profile management with Cloudinary uploads, and a responsive, modern UI built with React, Tailwind, Shadcn, ReactBits, Magic UI, and Ant Design. Demonstrates strong full-stack skills and production-ready application design.
